NOTE FOR: DCI

SUBJECT: Changes in INF Testimony

Attached are five pages of your statement on which I have suggested changes or deletions. The changes on pages 6 and 7 have been suggested by DIA. The other changes are from me. The deletion on page 10 is simply getting rid of a horrible mouthful of words that are really not necessary. The changes beginning at the bottom of page 13 basically remove a paragraph that says nothing but muddies perhaps the most important part of your statement. If you decide to accept these changes, we can provide clean pages for you tomorrow morning, or you can just write them into your text.
